

FARJANA AKTAR MONISHA

Frontend Developer

+8801554797667 | farjanaaktarmonisha@gmail.com | Rangpur, Bangladesh

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

Professional Summary

Frontend Developer with hands-on experience building responsive web applications using React, Next.js, JavaScript, and MongoDB. Skilled in authentication systems, REST API integration, and modern frontend development practices. Passionate about creating user-focused solutions and continuously improving software development skills.

Technical Skills

Frontend: HTML5 | CSS3 | JavaScript (ES6+) | DOM | React.js | Next.js | React Router | Tailwind CSS | DaisyUI

Backend & Database: Node.js | Express.js | MongoDB | REST APIs

Authentication & Deployment: Firebase Authentication, BetterAuth, JWT, Vercel, Render

Tools: Git | GitHub | VS Code

Soft Skills: Problem Solving | Quick Learning | Communication | Time Management

Projects

TileVerse - Full-stack tile gallery platform built with Next.js

[Live-Link](#) | [GitHub](#)

A modern full-stack tile gallery and e-commerce platform that allows users to explore, search, and manage premium tile collections through a dynamic digital catalog.

Technologies: Next.js | React.js | Tailwind CSS | DaisyUI | MongoDB | BetterAuth | Vercel

Key Features:

- Implemented secure Google Authentication and created a fully responsive UI to enhance cross-device user retention.
- Developed dynamic tile-details rendering and an optimized search functionality for seamless product discovery.
- Enforced private route protection and user profile management, ensuring secure data access for registered users.

DocAppoint - Doctor appointment booking system (Firebase, JWT). [Live-Link](#) | [Client Code](#) | [Server Code](#)

A comprehensive healthcare application designed for patient onboarding, real-time doctor appointment scheduling, and secure dashboard management.

Technologies: React.js | React Router | Firebase Authentication | Node.js | Express.js | JWT | Render

Key Features:

- Integrated Firebase Authentication to streamline patient onboarding and built a real-time booking management dashboard.
- Secured sensitive user data and API endpoints by implementing JWT-based protected routes
- Optimized database queries for appointment scheduling, reducing scheduling conflicts and improving app performance.

Education

Bachelor of Science (B.Sc.) in Mathematics

Carmichael College, Rangpur (2025 – 2029)

Languages

Bangla (Native)

English (Proficiency)
